BEDDING

Bedding this season includes a preppy update on classic colors and patterns, making it just as elegant and sophisticated as before. The color palette varies from muted soft green and pink to nautical shades of blue and gray. The collection also features regimental patterns, such as borders and hand-drawn designs, giving a new look to the graphic trend and freshness to the preppy heritage of GANT. New colorways can be found on GANT's signature Key West Paisley with elegant luster, alongside the delicate Birdfield pattern with soft tonal shading, bringing the peace and quiet of nature into the bedroom.

ACCESSORIES

This season's accessories include cushions in beautiful woven linen blends and chunky graphic knits, together with delicate paisley prints. Matching throws in a variety of qualities of wool, wool/cashmere blend, and wool/cotton blend create a classic yet elegant look and feel for your home.

BATH

The seasonal designs bring a colorful summer vibe to your home with premium towels in six new colors, presented with sophisticated pastels and brighter colors to suit the summer mood. As always, GANT premium towels are soft and super-absorbent due to the zero-twisted yarn made of high-quality cotton. To get yourself and your home ready for a long summer by the shore, this season's beach towels are colorful with GANT graphics, both placed and in multi-stripe.

The GANT Home Spring/Summer 2018 collection will be available in stores and online from January 2018.
